REPORT OF THE BOARD OF SELECTMEN

Eight years ago, the Town Plan Review Committee decided that New London was rapidly becoming a regional business center. Today we can see just how right they were. In the past five years there has been a dramatic increase in the number of businesses in Town and a gratifying upgrading of several commercial properties.

Without doubt, the high point of 1985 was Ausbon Sargent's gift of the Colby Common to the Town. This piece of property is the key to the future in the center of New London. Please read the report of the Town History Committee for more details of this magnificent gift. Our thanks to Mr. Sargent.

Balancing the desire to retain New London's "rural charm" with the pressures for growth that come to any successful community has been a major challenge for the Planning Board. A new Master Plan, as mandated by the State, is being developed with the help of a citizen's committee and the Upper Valley Planning Council.

In 1985 building permits were issued for 27 new houses. Valuation of the Town jumped \$1.4 million for a total of \$86.5 million. The Planning Board approved a total of 182 condominium units and a major expansion of Cricenti's Shopping Plaza. All indications are that New London has entered another growth spurt similar to the late 60's and early 70's.

The addition to the Town Hall will be ready for occupancy early in the Spring. For the first time all of the administrative offices will be housed together, making it more convenient to conduct the public business. The new offices will be joined to the Town Hall by a connector that will provide handicapped access to both buildings.

There have been major personnel changes in the past year. Faced with an ever-increasing workload and the anticipated retirement of our experienced Town secretary, the Selectmen interviewed and hired an Administrative Assistant last February. Top priority has been to bring order to the highway department which has the largest single part of the Town budget.

In September Police Chief Walt Reney submitted his resignation after 19 years on the force. The many changes in the Department during his administration and its increased professionalism are in keeping with the development of the community. Ralph Marshall, our new Chief, will be watching the growth of the Town carefully to keep the Police Department responsive to its needs.

There is no good place in a review of the past year to speak of the sadness we all felt at the loss of Mary Haddad. While her actual tenure

as Tax Collector and Town Clerk was relatively short, it is hard to remember a time when Mary wasn't there to smooth the way over the rough spots for us all. We miss her and are grateful for the training she gave Lois Marshall which enabled her to take over a very complicated job with a minimum of disruption to the business of the office.

Still pending are the two lawsuits filed against the Town and the Police Department and the continuation of the Kezar Lake suit. The Town is also involved in a suit filed in protest to the ZBA's decision allowing 17 condominium units to be built at Lakeside Lodge. We do not know when any of these matters will be resolved. We also do not know how much insurance we will be able to buy in the future, or what it will cost. This year, insurance will be second only to highways as a Town expense.

I regret to say that we have not heard the last of solid waste; where to put it, or how much to pay for its disposal. We are still several months away from a closure plan for the landfill and have no cost estimates yet.

Realizing that they did not have the time to deal with the matter in the depth required, the Selectmen appointed a committee consisting of Gordon Marshall, Peter Stanley, Kathy Robjent and John Vorel, to plan our transfer-haul facilities.

As you know, I am not a candidate for reelection. I have enjoyed serving the Town for six years as Selectman, and I appreciate the help, support, and encouragement so many of you have given me. People often say that being a Selectman is a "thankless job," but nothing could be further from the truth. It is only from the Selectmen's office that you have the opportunity to deal with all of the people who give so much of themselves for the community. Without our dozens of volunteers, we could not make New London the wonderful Town that it is.

Respectfully submitted,

MARILYN B. ANDREWS

Chairman

Board of Selectmen

TYPICAL NEW LONDON HOUSE

ASSESSED VALUATION \$50,000

1985 Taxes \$1,560

WHERE DID YOUR TAX \$'s GO?

Schools	\$896
County	227
Municipal Services	437

You can figure some typical expenditures by using the following formula:

$$\frac{\$}{\$86,000} \times \frac{V}{1000} = X$$

\$ = Amount appropriated for service

\$86,000 = Amount of money that can be raised by \$1 increase in the tax rate based on \$86 million

V = Valuation of your house

X = Amount you spend for a particular service

Example: On that \$50,000 house, the following amounts were spent for these municipal services:

Highways	\$120
Trash Disposal	30
Police	65
Dispatch	35
Fire Dept.	17
Library	33
Recreation	10

Note: Total will be larger than municipal share on tax bills because amount to be raised by taxes is reduced by income from various sources.

NOTICE TO PROPERTY OWNERS

All property owners must file by April 15, 1986 an Inventory of Taxable Property and Exemption form with the Board of Selectmen completely filled out. Failure to do so, will result in a penalty of \$10.00 to \$50.00.

NOTICE TO CURRENT USE APPLICANTS

Owners of land classified as Current Use must indicate on the Inventory form whether any changes in the use of the land have been made.

New applicants must fully complete a Current Use application form with a map showing clearly the land to be considered for Current Use. All applications and maps must be on file with the Board of Selectmen by April 15, 1986.

ABSTRACT OF ANNUAL TOWN MEETING 1985

Articles 2: PASSED UNANIMOUSLY

Articles 3-22: PASSED

Article 23: NOT PASSED (\$5,000 to study alternatives for solid waste disposal)

Article 24-34: PASSED

Article 35: NOT PASSED (\$8,850 for abutters of Sparrowhawk Road to bring road up to standards and regulations for town roads—assessment to create lien on abutters)

Article 36-37: PASSED

THE STATE OF NEW HAMPSHIRE

NEW LONDON, N.H.

TOWN WARRANT

To the inhabitants of the Town of New London in the county of Merimack, in said State, qualified to vote in Town affairs:

(L.S.)

You are hereby notified to meet at the Whipple Memorial Hall in said New London on Tuesday, the eleventh day of March next at 10:00 o'clock to act upon the following subjects:

- ARTICLE 1. A. To choose all necessary Town Officers for the year ensuing.
- B. To vote by ballot on amendments to the New London Zoning Ordinance.
- C. To vote by ballot on the question of adopting a Prime Wetlands Ordinance.
- D. To vote by ballot on the question of adopting an exemption for the blind from property tax.

Note — By law, the meeting must open before the voting starts. Therefore, the meeting and polls will open at 10 o'clock for the consideration of Article 1, Parts A, B, C and D.

At 12:00 noon the Meeting will recess but the polls will remain open until 6:00 p.m. The meeting will reconvene at the Kearsarge Middle School Auditorium on Wednesday, March 12, 1986 at 7:00 p.m., to act upon Articles 2 through 43.

ARTICLE 2. To see if the Town will vote to raise and appropriate the sum of \$287,500.00 for the purpose of preparing plans and specifications and constructing a transfer haul facility, such sum to include the purchase of land located on Newport Road at Burpee Hill Road (Tax Map 56, Lot 1) and the purchase of original equipment, such sum to be raised by the issuance of serial bonds or notes not to exceed \$287,500.00 for a period of 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to apply for, contract for, accept, and expend any Federal, State or other available funds toward the project, according to the terms under which they are received, and to borrow in anticipation of the receipt of such aid or the issuance of such notes or bonds, by the issuance of notes or bonds in an-

ticipation of such notes, bonds or aid as provided by the Municipal Finance Act, as amended; provided that any interest received or available may likewise be applied to the project to the maximum extent permitted by law; and to authorize the Board of Selectmen to take all other actions as may be necessary to carry out the project in the best interests of the Town of New London.

ARTICLE 3. To see if the Town will vote to raise and appropriate the following sums for the ensuing year to defray Town charges:

	1985	1986
Town Officers' Salaries	\$ 28,900	\$ 9,500

Community Action Program	<u>1,345</u>	<u>1,412</u>
	\$ 33,328	\$ 34,589
	(.40¢ per thousand)	

ARTICLE 25. To see if the Town will vote to authorize the Board of Selectmen to add to the Capital Reserve Fund (Pursuant to RSA 35) established for the purchase of Ambulance/Equipment; such funds derived from the lease of the Town Ambulance/Equipment to the New London Hospital Association.

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to pay for Interest on Temporary Loans during the year.

(.01¢ per thousand)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of \$161,400.00 for Sewer Maintenance.

ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of \$6,600.00 for the preparation of a Town Master Plan.

(.08¢ per thousand)

ARTICLE 29. To see if the Town will vote, pursuant to RSA 35, to establish a Capital Reserve Fund of \$47,500.00 for the Revaluation of all property within the Town.

(.54¢ per thousand)

ARTICLE 30. To see if the Town will vote to authorize the Board of Selectmen to Apply for, Receive and Expend Federal and State Grants which may become available during the course of the year, and also to accept and expend money from any other Governmental Unit or private source to be used for purposes for which the Town may legally appropriate money provided: (1) That such Grants and other monies do not require the expenditure of other Town funds, (2) That a Public Hearing shall be held by the Selectmen prior to the receipt and expenditure of such Grants and monies, and (3) That such items shall be ex-

empt from all provisions of RSA 32 relative to Limitation and Expenditure of Town monies, all as provided by RSA 31:95b.

ARTICLE 31. To see if the Town will vote to authorize the Board of Selectmen and the Town Treasurer to incur debts from time to time during the 1986 fiscal year to an aggregate amount not exceeding the 1985 tax levy, for temporary loans in anticipation of 1986 taxes, and to issue notes of the Town therefore, and to refund same, all as provided in the Municipal Finance Act. The Selectmen and Town Treasurer to be authorized to sell such notes.

ARTICLE 32. To see if the Town will vote to authorize the Board of Selectmen to transfer Tax Liens and Convey property acquired by the Town of New London by Tax Collector's Deed, by Public Auction or advertised sealed bid or in such manner as determined by the Board of Selectmen as justice may require, in accordance with RSA 80:72.

ARTICLE 33. To see if the Town will vote to authorize the prepayment of Property Taxes and to authorize the Tax Collector to accept such prepayment as provided by RSA 80:52a.

ARTICLE 34. To see if the Town will vote to require fees collected by the Offices of Town Clerk and Tax Collector to be paid into the Treasury of the Town of New London as a General Revenue of the Town.

ARTICLE 35. To see if the Town will vote to authorize the Board of Selectmen to appoint the Office of Tax Collector for the Town of New London.

ARTICLE 36. To see if the Town will vote to authorize and direct the Board of Selectmen to petition the General Court for the enactment of Special Legislation authorizing the Board of Selectmen to appoint the Office of Town Clerk of the Town of New London, such Special Legislation to be approved by an Annual or Special Town Meeting of the Town following its passage.

ARTICLE 37. To see if the Town will adopt the following by-law:
"By-law regulating On-Street parking on Newport Road: There shall be no On-Street parking on Newport Road from the Sunapee Town Line to Main Street, except for those areas where parking is authorized by the Town of New London and the State of New Hampshire and is properly marked or signed, pursuant to RSA 31:39 as amended.

ARTICLE 38. To see if the Town will adopt the following by-law for the regulation of Public Beaches:

“Public Beaches

1. The Public Beaches of the Town of New London, located on Elkins Road and Little Sunapee Road and known as Elkins Beach and Bucklin Beach, are open to use by the residents and taxpayers of the Town of New London and their guests only.
2. The Public Beaches of the Town of New London are closed to use between the hours of 9 PM and 10 AM and during such other hours as may be posted in a public emergency.
3. No person shall kindle or cause to be kindled a fire on any public beach. Cooking grills are provided in authorized locations. All other grills are strictly prohibited.
4. Parking at Public Beaches shall be at designated locations. Motor vehicles parked in designated No-Parking areas shall be subject to a fine of \$10.00.
5. Violations of this By-Law shall be subject to a fine of \$10.00 per violation.”

ARTICLE 39. To see if the Town will adopt the following Ordinance: The Town of New London waives the Municipal Motor Vehicle permit fee for a permit to (A) Register one motor vehicle, (B) Owned by a person who was captured and incarcerated for 30 days or more, (C) While serving in a qualifying war or armed conflict as defined in RSA 72:28, IV, (D) And who was Honorably Discharged, (E) Provided they provide the Town Clerk with satisfactory proof of these circumstances.

ARTICLE 40. To see if the Town will vote to discontinue the old layout of Little Sunapee Road where it crosses the property of Arthur James Lewis IV and Claudia Diane Lewis, said property being Lot 4 on Tax Map 33, and the property of Benjamin L. Bucklin, said property being Lot 12 on Tax Map 33, subject to the continuation of all utility usages and drainage, now existing. All in accordance with RSA 231:43 and RSA 231:46.

ARTICLE 41. To see if the Town will vote to discontinue Baker Hill Road from New Hampshire Route 103A to the Newbury Town Line, in accordance with RSA 231:43 and RSA 231:46.

ARTICLE 42. To see if the Town will vote to authorize and request the Board of Selectmen to take any legal and administrative action required to maintain and preserve for recreational use the waters of the lakes and ponds lying within the Town and to oppose any proposed use of these waters, directly or indirectly, as a source for a Public Water supply. These lakes and ponds include, but will not be limited to:

Pleasant Lake, Messer Pond, Murray Pond, Clark Pond, Goose Pond, Otter Pond, Little Sunapee Lake and Big Lake Sunapee.

(By Petition)

ARTICLE 43. To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of New London and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the U.S. Department of Energy's (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan.

(By Petition)

Given under our hands and seal this twenty-first day of February in the year of our Lord nineteen hundred and eighty-six.

MARILYN B. ANDREWS

Chairman

HAROLD W. BUKER, JR.

NEW LONDON CEMETERY COMMISSION

There were 27 interments during 1985, 15 of which were cremations. Old Main St. Cemetery received 14 burials; Elkins Cemetery-6 and West Part Cemetery-7, including one in the new addition abutting the eastern boundary of the present cemetery. A roadway has been established in this area, referred to as New West Part, and plots have been laid out for burials as well as special sections for disposal of cremated remains.

In the newly acquired territory adjacent to the southwest boundary of Old Main St. Cemetery a number of plots have been designed and marked out. It is expected that a roadway will be constructed through this area during the summer of 1986, after which the location of additional plots can be specified.

Also, it is planned during 1986 to concentrate on improving the conditions of a number of present grave sites in Old Main St. Cemetery, as well as the repair and straightening of many of the older monuments.

FINANCIAL STATEMENT - 1985

CIVIL DEFENSE REPORT

This year with the addition to the Town Hall and the renovation downstairs to the Police Department, the Civil Defense room and the generator will have to be relocated. The generator will be moved into the basement of the new addition. This will make it easier to start in the cold weather.

With the help of the Kearsarge Amateur Radio Club the two meter radio will be relocated in another part of the building. This will be accomplished by finding an area and running cables to the new location.

This year some of the funds that I have requested are needed to replace some of our radios. The radios have reached a point where repairs are getting expensive and some cannot be fixed. All of the radios would not be replaced at the same time but over a few years.

One of the projects which we will try to do this year is a new light for the front of the town hall to illuminate the parking lot. These lights will be connected to the generator so that during power outages the town hall will be accessible to any who need help.

There are also several other projects that I would like to accomplish this year.

I would also be interested in hearing from anyone who has ideas that they feel should be included in the town emergency plan.

Respectfully submitted,

STUART F. SIDMORE, JR.

Director of Civil Defense

REPORT OF THE NEW LONDON CENTRAL DISPATCH

In addition to the 16,155 telephone calls that the dispatchers handled this year, they also issued 141 burning permits, dispatched the ambulance 105 times, dispatched the fire department 74 times and monitored 152 burglar alarms. I estimate they also made approximately 45,000 radio transmissions while doing most of the typing and filing of criminal and accident reports generated by the police department.

We find it difficult to keep dispatchers because of many factors, including low pay and inconvenient hours. This year alone we have had to replace and train two dispatchers. Presently, one-half of our crew has less than one year's experience.

Dispatching is a very responsible and important job. It requires people with special abilities who can maintain their own composure while handling a panic situation correctly. They also have to deal with the public, who are often frustrated or angry, and are expected to be able to answer almost any question. Often all of this is happening at the same time. This is one of those jobs you hear about that have long periods of boredom separated by moments of sheer panic.

I intend to try to raise the pay schedule and working conditions to where the turnover rate is much less than it is now, which makes financial sense to the town.

Respectfully submitted,
RALPH MARSHALL
Chief

REPORT OF THE TOWN HEALTH OFFICER

It is a pleasure to be serving the Town of New London again as Health Officer since my appointment to office as of May 1, 1985. I had previously served in this capacity from 1960 through 1965 as the Town's first non-physician health officer in memory.

Among the duties of the Health Officer as now constituted are the following:

- Examination of all septic system test pits and review of plans to assure compliance with regulations and proper recording of test pit data;

- Inspecting and testing public swimming areas and waters during swimming season;

- Investigation of environmental health problems in the town including all public food service establishments;

- Inspection of child care facilities and foster homes for state licensing.;

- Taking action to eliminate public health and environmental nuisance problems;

- Maintaining liason with the New Hampshire Division of Public Health Services and the New Hampshire Water Supply and Pollution Control Commission;

- Enforcement and investigation of infractions of health and environmental regulations of the town and state;

- Advising the town administration and citizens on environmental and health matters.

Since May first your health officer has inspected more than 54 test pits. Because test pits must be filled immediately after inspection, to preclude creation of safety hazards, it is necessary to coordinate the activities of a backhoe operator, septic system designer and the health officer. For this reason, together with the frequent need to dig several pits to find a suitable drainage field site on a lot, the inspections consume on an average of nearly two hours.

The major environmental health problems encountered during the past year have resulted from the injudicious destruction of beaver dams leading to Red Brook and Chandler Brook which feed Pleasant Lake. This resulted in large amounts of putrifying organic matter flowing down the brooks into the lake. Although the resulting problems were primarily esthetic, for persons consuming insufficiently treated

lake water (always a potentially dangerous health practice), the increased likelihood of the presence of *Giardia lamblia* in the water released from the beaver ponds posed the possibility of an increased risk of contracting giardiasis.

Present and continuing environmental health problems facing the town are the following:

1. Giardiasis, contracted from public and private surface drinking water supplies insufficiently disinfected to destroy "*Giardia lamblia*" cysts;
2. Reduction of trihalomethane levels in our public drinking water system;
3. Control of radon in homes and private drinking water supplies from rock wells;
4. Controlling leachate from our sanitary landfill which is a threat to all groundwater quality down-gradient from the landfill, ultimately likely to include contamination of the Blackwater River if removal or containment measures are not taken.

The cooperation of town officials and townspeople in maintaining a high level of environmental health awareness and protective action is very much appreciated by your health officer.

Respectfully submitted,
DONALD F. BENT
Health Officer

**ANNUAL REPORT FOR THE
NEW LONDON CONSERVATION COMMISSION
FOR 1985**

1985 was a busy year for the New London Conservation Commission. Three summer events were added to the usual spring and winter walks. When weather permitted, many volunteers participated in weekly workdays helping to maintain the many miles of trails in New London that are supervised by the Conservation Commission. This work included replacement of many planks of the walkway in the Philbrick-Cricenti Bog, rebuilding several bridges, and clearing numerous windfalls. The Bog continues to be a popular attraction, and over 4,000 visitors signed the registration book this past year.

The second and final payment was made to Colby-Sawyer College for the purchase of the Colby Sanctuary property. This ensures that the trail up Great Brook to the Lower Cascades is secure for the future.

Working with the Planning Board on the New Master Plan, members of the Conservation Commission plus several other interested Town residents are making an inventory of the New London's open spaces, woodlands and other natural resources. The Commission is also exploring the feasibility of purchasing development rights on certain properties with views important to maintaining the character of the Town. This would be one way of keeping some of the open space for all to enjoy.

Respectfully submitted,

KATHARINE T. MURRAY

UPPER VALLEY-LAKE SUNAPEE COUNCIL

The Upper Valley-Lake Sunpae Council is a public, nonprofit voluntary association of towns and cities in the Upper Valley and Lake Sunapee areas. Our thirty-one (31) communities are in two states and five counties.

The Council consists of a Board of Directors and a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two representatives to participate on the Board of Directors. The Board elects officers, adopts the annual work program and budget, and develops policies and positions on issues that are important to UV-LSC communities.

The UV-LSC has also provided a number of specific services to the Town of New London. Last year, the Council's landscape architect prepared a planting plan for the Town Parking Lot which has since been implemented. Using Council dues and additional town funds, the UV-LSC now is working closely with the Planning Board and several committees to develop a new and more comprehensive Master Plan for the Town. All citizens of New London are urged to participate.

The Council also assisted the Planning Board by reviewing large scale development proposals, such as expansion of the New London Shopping Center. It is anticipated that the Planning Board will request additional impact studies by the Council during the coming year.

The Council's staff of professionals stands ready to assist your community in addressing the planning and growth management issues which you will face during the coming year. We also encourage you to become more familiar and involved with the Council, since we are essentially an arm of local government addressing your needs.

SALLY FIFIELD
SIDNEY CROOK

REPORT OF THE PLANNING BOARD

The New London Planning Board held twenty-nine (29) regularly scheduled meetings in 1985, and also met in Executive Session fourteen (14) times to work on *Zoning and Subdivision Control* changes for 1985 and to begin work on the updated Master Plan. After a public meeting on 19 November, the Board also established seven separate subcommittees which will meet into 1986 to work on separate sections of the revised Master Plan. Well over one hundred people are involved in this work. The Town has contracted the Upper Valley-Lake Sunapee Council to prepare the Master Plan in final form.

Action at regular meetings was taken in the following categories:

- 7 subdivisions involving fewer than five lots

- 1 annexation

- 9 Site Plan Reviews (eight minor; one major)

- 1 minor lot line adjustment

The Board also gave final approval to two major condominium developments and an approval for a preliminary plan of a third development. In addition, the Board conducted fifteen consultations on proposed preliminary plans and at least five on-site inspections. Board members attended Zoning Board Hearings, Budget Committee meetings and hearings, and the combined Selectmen's Meeting of 16 April. The Chair of the the Board made himself available for questions each Tuesday afternoon beginning in October.

Through 1985, members of the Board remained the same as they were in 1984, except that James Moreland served as the Selectmen's Representative.

This report gratefully acknowledges the patience and continued efforts of each Board member and expresses appreciation for the support given to the Board by Mr. Rayno of The Argus-Champion and by the residents of New London.

Respectfully submitted,

BRYANT E. HOFFMAN

Chair

New London Planning Board

NEW LONDON FIRE DEPARTMENT

Chief	Douglas Mathewson, II
Deputy Chief	James Granger
Captain	Laurids (Pete) Lauridsen, III
1st Lieutenant	David (Deke) Pellerin
2nd Lieutenant	Peter Stanley
3rd Lieutenant	Peter Bianchi
4th Lieutenant	Philip Sprague

BOARD OF FIRE ENGINEERS

Francis Chandler
Laurids (Bud) Lauridsen, Jr.
James Granger

I would like to thank the many volunteers and supporters of the New London Fire Department for this past year. The Town of New London has given the department, when asked, nothing but the finest in equipment over the past years.

The new Equipment Van arrived shortly after Town Meeting, and after about three months of outfitting the truck, it was ready for service. This piece of equipment has rounded out our complete department. It holds all the rescue equipment (lighting equipment, chain saws, air bags, jaws of life, inflatable boat, water rescue suits, air bottles, general tools, spare clothing for the fire fighters, to name some).

Now that every truck has been updated, we can get into a regular replacement schedule. This will show in this year's Fire Department request for \$15,000. This will be added to our fund for the replacement of a major piece of equipment (i.e. Pumper, etc.).

As in the past I would like to thank our Mutual Aid towns for the support over the year. Any one town could not afford to have the equipment that makes up all our mutual aid towns, waiting for a call. It is as simple as picking up the phone or the radio and asking for help, and it is on the way. It is very comforting, as Chief, to know this is available.

Respectfully submitted,
DOUGLAS MATHEWSON, II,
Chief
New London Fire Department

1985 REPORT OF THE ROAD AGENT

The year 1985 was a period of evaluation and reorganization for the Highway Department. Several personnel changes occurred during the year, with Mr. Richard Lee appointed as General Foreman and Mr. Paul Parker appointed Assistant General Foreman following requests for applications to fill these positions from within the Department. One employee, Mr. Clarence Gove, Jr. submitted his resignation during the year.

The Department performed normal highway maintenance during the year with spring clean-up being completed a month earlier than the norm. Considerable time and effort was expended in removing large rocks from Shaker, Mountain, Elkins, Wilmot Center, Lake Shore, Bunker, North Pleasant, South Pleasant and Burpee Hill Roads. The Department arranged the painting of over 100,000 feet of traffic lines throughout the Town. A large number of culverts were reset and replaced on various streets and major improvements were completed in the Barrett and Hayes Road area.

The Department installed 475 feet of four inch granite curb on County and Elkins Roads and constructed 370 feet of 5 foot sidewalk in Elkins. The Elkins Beach picnic area was doubled in size and 500 feet of split rail fence was installed. The Department repaired the Town Hall drainage system during the year and responded to numerous requests for assistance from citizens and other Town Departments.

Much of the work performed during the year was made possible by the rental of a backhoe, compressor and roller. These essential pieces of equipment should be purchased by the Town at the earliest possible opportunity in order to increase departmental efficiency and effectiveness.

A complete review of Town owned equipment used by the Department was completed during the year and a Long Range Capital Expenditures Program drafted from the results obtained.

The Department retired a 1974 Ford Dump truck and sander during the year and replaced the Hough Loader with a Caterpillar IT-28 Loader under an emergency appropriation.

Landfill

The Board of Selectmen advertised for bids and awarded a contract to DuBois & King of Concord for a hydrogeologic, geophysical and closure plan for the Sanitary Landfill on Mountain Road. A complete revision of the Landfill Regulations was completed during the year to comply with State and Federal regulations. These regulations were approved by the Selectmen and the State of New Hampshire.

Several areas of the Stump Dump were closed during the year with necessary clean-up, grading and covering accomplished. The Town engaged heavy equipment to excavate a large area of the Stump Dump in order to extend the useful life of this facility.

Recycling operations were expanded during the year with the Town realizing income from the sale of scrap metal, newspaper and cardboard. Additional improvement and expansion is planned in future years with a return to the recycling of glass and light metals.

I would like to express my appreciation to the employees of the Department for their help and cooperation during the year and to the Board of Selectmen, their staff and the officials and citizens of the community for the help, suggestions, patience and cooperation in carrying out the Department tasks.

Respectfully submitted,
FREDERICK WELCH
Road Agent

1985

ANNUAL REPORT OF THE NEW LONDON GARDEN CLUB

"In 1928 Dr. Anna Littlefield founded the New London Garden Club with the following purposes in mind; to encourage and aid in all civic beautification; to protect and perpetuate desirable plants and birds; to promote and encourage a knowledge and love of gardening and horticulture; and to stimulate an interest in all people to work with and for nature."

The club works towards these principles in many ways. The civic beautification committee has continued to maintain thirteen areas in New London and Elkins. We had a plant swap in June, in which the town is invited to participate. Throughout the year members care for patients' plants both in the Clough Extended Care and the New London Hospital. In December the club has a greens workshop to make wreaths for the town buildings and churches, and Christmas arrangements for shut-ins. Members have won awards in both state and local Standard Flower Shows, and the Scrapbook, Yearbook, and Pressbook were awarded top honrs in New Hampshire and in the New England region.

Programs are held throughout the year that are designed to instruct and inform members about conservation, gardening, landscaping and flower arranging, some of these meetings are open to the public.

This year we added the Governor's Lilac Project to our list of town projects, and planted lilac plants at several town areas.

In July we held our annual "Antique Show and Sale." The proceeds from the show are given in the form of scholarships to two deserving students in the department of Plant Sciences and the two-year program in Applied Sciences at the University of New Hampshire.

There are 125 members in the club and we are a member of the Dartmouth-White Mountain District, New England Region, New Hampshire Federation of Garden Clubs, Inc. and the National Council of State Garden Clubs, Inc.

Respectfully submitted,
CONSTANCE GRANGER
President 1985-86

REPORT OF THE TOWN HISTORY AND ARCHIVES COMMITTEE

Three notable happenings during the year of 1985 deserve special recognition in the annals of New London History. Our Committee contributed little more than encouragement and gratitude for these events but feel a great sense of satisfaction that they have become a part of our Town's recorded history.

The celebration of the Scytheville-Elkins Sesquicentennial, recognized in the dedication of the 1984 Town Report was planned and consummated by the long and painstaking efforts of the special Sesquicentennial Committee. This group produced and published "Reflections in a Millpond; Stories of Scytheville-Elkins, 1835-1985"; raised money and provided labor for the reconstruction of the Elkins bandstand, destroyed by the hurricane of 1938; arranged and participated in five significant celebrations during the summer months of 1985, attended and supported by Elkins citizens and local and out of town friends of the Village.

A second and long to be appreciated development was the magnificent gift of the Sargent Common to the Town by Ausbon W. Sargent, who at the age of 94 must be our oldest living town-born citizen. This three acre tract, the original "lower campus" of the Colby Academy, often referred to as the Town Common, was purchased (\$150,000) from the Colby-Sawyer College. A natural granite monument from Ausbon's family farm bears a bronze plaque with the following inscription, "For those before and those to come who have loved our town."

The third notable contribution is the publication in November of "New London Service Men and Women in World War II." For over a 40 year period members of the New London Service Organization, founded and endowed by the late Herbert D. Swift, have collected biographical data and photographs of the 139 young men and women who served in that War. During the past two years, special efforts have been made to complete the project. Long and dedicated hours of final research and arrangements for publication by Ginny Chadwick, and Peg Moreland, assisted by Verne Barrett and Bob MacMichael have brought the project to fruition.

Routine activities for the Town Archives continue with additions to our collections of official and non-official records of Town events. We believe that our efforts are providing resources from which the future history of New London will be written at the turn of the next century.

The Archivist expresses deep gratitude for the concern, enthusiasm and hours of labor given by volunteers, Pauline Roos, Nancy Muller, Peg Moreland and Nancy Barrett.

Also a long overdue word of gratitude to Jim Robjent, director of Public Information at Colby-Sawyer College, for sharing his photographic expertise over a period of years in the restoration and printing of old photographs of town significance.

It is hoped that the new addition to Whipple Memorial Town Hall now under construction will provide greatly needed space, more adequate protection and favorable climate for some of our significant collections.

A gratifying statement of approval for our efforts is recorded in the New Hampshire Historical Records Assessment and Reporting Project conducted as a year long study of municipal records in the State and published by the State Archives at the end of year 1984. On page 4 of the Report, we read: "Several excellent public records programs exist, in particular the Towns of New Castle, *New London* and Richmond have successful archives for their public records."

We continue our efforts to merit this recognition and to improve upon it in the future.

Respectfully submitted,

MILDRED CROCKETT TUNIS

Town Archivist

NEW LONDON RECREATION COMMISSION

Our beaches were well staffed this year, providing excellent waterfront coverage. A total of 240 children participated in the waterfront programs. A new addition to our swimming lessons, was the institution of an afternoon playground program. Although the program is developing slowly, given time to grow and develop, it will add to the town's complement of recreation programs.

This year marked a change in the beach hours. By opening the beaches on weekends beginning Memorial Day, and adjusting the guarding hours to times when maximum supervision was needed, a better appreciation of the facilities was had by all.

This summer Elkins Beach was revitalized. A new split-rail cedar fence was installed along the perimeter of the beach grounds. Brush was cleared and efforts were made to further enhance the landscaping within the grounds. A new beach area was made available for public use. Further clean-up and beach expansion is planned in the future.

The future plans include continuing in the tradition of hiring qualified staff to provide the best possible instruction for our children and maintain excellent waterfront protection. We plan to further improve Elkins Beach and begin revamping Bucklin Beach. Your continued support, comments and suggestions are always welcome.

Respectfully submitted,

MARGARET L. GAY, Chairperson

SEWER COMMISSION REPORT 1985

During 1985 the infiltration construction was completed and very successfully reduced our flow by better than 50%. The funds voted at the special Town Meeting in October for pump replacement at Georges Mills and corrective piping both at Georges Mills and the South Pleasant St. plant, have received State of New Hampshire approval and the work should be completed in early 1986.

The increase in our budget is due primarily to wage and overtime increases and also the higher cost of operation of the Sunapee Sewage Treatment Plant. The Commission holds weekly meetings on Friday at 8:00 A.M.

Respectfully submitted,

THOMAS R. MILLER

Chairman

JOHN J. KIERNAN, JR.

ARTHUR DORLEY

KEARSARGE VISITING NURSE ASSOCIATION 1985 ANNUAL REPORT

The Kearsarge Visiting Nurse Association provides professional and compassionate home care services to the residents of our ten-town catchment area. Your town appropriations are essential in supporting the Agency's home care and health promotion programs. Below are the services provided to people in your town in 1985.

HOME CARE PROGRAM

Skilled Nursing	Home Visits 996
Physical Therapy	
Occupational Therapy	Home Visits 204
Speech Therapy	
Medical Social Worker	
Homemaker/Home Health Aide	Home Visits 1492

HEALTH PROMOTION PROGRAM

Adult and Child Home Visits	74
Adult and Child Clinic Visits	449

With your help, Kearsarge VNA can continue to provide cost effective health care in the home, allowing for shortened hospital stays and the prevention of unnecessary nursing home admissions.

Thank you for your support and confidence in our organization.

Robin Gallup, RN
Co-Director

Tanya Wilkie, RN
Co-Director

Your Town Representatives on our Board of Directors are:
Mrs. Edward Olney Mrs. Nancy Doolittle
Mr. Larry Dufault

REPORT OF THE NEW LONDON POLICE DEPARTMENT

As I am sure most everyone knows, Walter Reney retired in October as Chief of Police, and I was appointed to replace him. I would like to thank everyone who expressed their kind thoughts and good wishes to me and assure you all that we will continue to do our very best to serve the residents and visitors of our town. Our success depends in large part on the continued participation and cooperation of the people we serve. I would like to ask all of you to communicate your problems and ideas to us and assure you that I am personally available at all times, on or off duty.

As I write this in January, we are making plans to remodel part of the basement of the Town Hall for the police department and the remainder for the district court. This should help our space problems for a while, but I feel that long range plans should consider some alternative. Once again I want to publicly thank the Kearsarge Telephone Company for their outstanding cooperation and help in many ways, not the least of which is allowing me to put messages on the T.V. Cable.

I am going to follow the same format in reporting activities this year so a comparison can be made to last year's activities. As you can see — most items either remained about the same or went up slightly. I'm not sure if this is progress or not.

Criminal Activity

	1984	1985
Assaults	2	3
Burglaries	18	20
Criminal Mischief	41	41
Thefts	74	70
Misc.	14	20
Total Arrests	36	53
Total Lockups		25

Motor Vehicle Activity

Summonses	534	594
Warnings	1,231	1,299
Accidents Reported	62	68
Total Injuries	21	16
Fatalities	1	0
DWI	18	16

Calls for Service

Responses to Burglar Alarms	269	246
Responses to Fires	29	74
Money Escorts	186	134
Missing Persons	13	6
Requests for House Checks	127	266
Aids	163	111
Complaints on Vehicles	103	114
Suspicious Persons	34	54
Amulance Calls		105
Misc.	707	604

In addition, we made 4,298 business door checks and found 491 businesses unsecured, we spent 208 hours in court and 532 hours on criminal investigations.

I feel that we are making progress towards our goal of upgrading both the quality and quantity of our services while living within a reasonable budget. Any and all suggestions will be appreciated.

Respectfully submitted,

RALPH MARSHALL

ANNUAL REPORT 1985 TRACY MEMORIAL LIBRARY

Another busy year has drawn to a close with a circulation of books, periodicals, pamphlets, records, and cassettes totaling 39,775 items. New acquisitions numbered 1,900 while the total of registered borrowers reached 1,741. Of these, 1,376 are adults and 365 are school-age children. The library is proud of its children's programs of which there were 123 in 1985 with 5,133 in attendance.

Volunteers are invaluable to the library and in 1985 this loyal group doubled in size to more than thirty. They average thirty-two hours per week in service which is the equivalent of one full-time employee. They mend and process books and periodicals, clean records, store periodicals, help with programs as well as assisting the staff behind the circulation desk.

In addition to the volunteers, the library would be less than it is without the Friends of Tracy Library. Their generous financial support in 1985 provided the library with the sign beside the front door, a new adult audio-book collection, two cassette player/recorders, a ten-drawer card catalog, movie screen, and special book purchases. A number of children's activities and the Great Decisions program were also sponsored. Such would not have been possible without the Friends of Tracy Library as the budget is not drawn up to include these purchases and services.

Something new in 1985 was the service for house-bound New London residents which offers a weekly delivery of library materials through the kindness of the Alma H. Ohler Memorial Fund. Friends of the library handle the deliveries and pickups.

We are proud of our library. We welcome your patronage and your support.

ZONING BOARD OF APPEALS ANNUAL REPORT

1985

- January, 4, 1985** C. Lynn Coy requested a Variance under terms of Article IV, Section A to extend a parking lot, located on Map 85/11 approximately 102 feet into residential zone. *GRANTED*
- May 1, 1985** Lakeside Lodge, Inc. requested a Special Exception as provided in Article IX, Section A to change 17 Tenant-occupied dwelling units to 17 Owner-occupied dwelling units as condominiums. *GRANTED*
- June 7, 1985** Attorney K. William Clauson and landowners represented by him requested a Rehearing as to Lakeside Lodge condominiums. *DENIED*
- July 5, 1985** Attorney K. William Clauson and landowners represented by him requested a Second Rehearing as to Lakeside Lodge condominiums. *DENIED*
- July 10, 1985** Robert and Sandra J. Brown requested a Special Exception as provided in Article V, Section A, to build a carriage shed. *DENIED*
- August 22, 1985** Joseph Messer requested a Special Exception under Article XIV and Article XI in order to convert present building to dwelling units. *DISMISSED WITHOUT FINDING*
- September 27, 1985** Town of New London requested an Appeal from an Administrative Order in relation to Article X in order to build the addition to the New London Town Hall. *GRANTED*
- November 18, 1985** Lake Sunapee Country Club requested a Hearing for the purpose of Verifying Compliance With All Conditions, made a part of the LSCC, Inc. Decision dated 12-28-84. *APPROVED—ALL CONDITIONS MET*
- November 20, 1985** Mrs. Patricia Marsh requested a Variance to the terms of Article 46, Section III to change her plot of land, partially zoned Residential and partially zoned Commercial, to All Commercial. *DENIED*

Respectfully submitted,

BETTY L. HERRICK, *Clerk*

Zoning Board of Adjustment

1985 NEW LONDON HOSPITAL AUXILIARY ANNUAL REPORT

Mrs. Daniel H. Graham, President
Mrs. Eric N. Baynes, 1st Vice President
Mrs. John W. Kirk, 2nd Vice President
Mrs. Joan Herz, Recording Secretary
Mrs. Robert D. Williams, Corresponding Secretary
Mrs. William Ritch, Treasurer
Mrs. David Howard, Assistant Treasurer
Mrs. John L. Norris, Past President

So much has been done by auxiliaries since our last report that it's difficult to start from a beginning. The work is continuous, and as I write, busy hands and creative minds are eagerly thrusting forward to fulfill promises and surprises for the hospital.

Through our fund-raising projects, Spring and Fall Rummage Sales, the Tennis Tournament and Hospital Day, we have been able to complete our pledge to the hospital for a total of \$21,875.00. These funds have allowed the purchase of new and much needed equipment for Surgicare, Physical Therapy and Recovery Rooms. Hospital Day alone, our major concentrated effort, grossed \$11,335.00. \$4,000.00 of that amount was brought in from the sale of books through the capable work and organization of Mrs. Marshall Hoke, and \$9,806.00 was earned by our rummage sales. The donations of these fine books, good quality clothing and household items and collectibles are most appreciated.

Community health and education is fast becoming a priority with the auxiliary. Speakers in related fields attend our monthly membership meetings from October through June, and they bring with them, updates on new medical care and stress related problems.

One new program co-sponsored by the team efforts of the auxiliary and the hospital was called "Using Medications Wisely." This was given and directed to about ninety senior citizens from our surrounding towns at their luncheon and membership meeting at Our Lady of Fatima Church. Panel speakers were Dr. Jack Kirk, Gary Brenner, NLH Pharmacist, Tanya Wilkie RN, KVNA and Cindy Willey, RN, NLH. Questions asked of the panelists revealed a great deal about fears and concerns regarding medications in the minds of many of us. This was indeed a very worthwhile program. We hope to continue our work and combine our resources with the hospital's Community Education Department under the direction of Melody Cassista. At our annual Christmas Luncheon, a Health-style Self Test was given for the purpose of assessing needs in the community so that we may better identify those needs, and educate accordingly.

A new fund raiser which brought revenue to the hospital, and at the same time, gave the auxiliary the opportunity to gain exposure to a new and different group of people was the Tennis Tournament at White Birch Racquet Club. Local merchants and individuals were very generous in contributing to its support, and we are pleased with so much participation and encouragement.

Volunteer services are thriving under the leadership of Frances Baynes. The coordination of volunteer men, women and teens from area towns is so organized, and most helpful to the patients and staff. A new service, Transport Aides, assists patients who are unable to drive to and from the hospital when they are in need of medical care. We are indeed fortunate to have such a dedicated Director who proudly reports that "her" one hundred plus volunteers exceeds 5,000 recorded hours of service. Although this is published in the New London Annual Report, we feel very obliged to express special thanks to townspeople in all of the ten communities served by the New London Hospital. Many commute several miles to functions and meetings, participate in Clough Extended Care parties and activities, absorb telephone bills from toll calls, and join as one for a common goal. What a marvelous example of community unity.

The Board takes liberty in boasting about all of you who have made the auxiliary (an arm of the hospital) the success that it is. It has been a pleasure for me to serve in this office, and I look forward to continuing my involvement with the fine men and women who have been so supportive. I see you all as a kind of potpourri — a collection — a delightful mixture blended together resulting in something very special.

Respectfully submitted,

CAROL GRAHAM

President

New London Hospital Auxiliary

**SULLIVAN COUNTY
REGIONAL REFUSE DISPOSAL DISTRICT
1985 ANNUAL REPORT OF ACTIVITIES**

After six years of discussion and planning by your District Committee, a 200-ton-per-day waste-to-energy facility is now well under construction in Claremont, New Hampshire.

A revised twenty year waste disposal contract was signed with Signal Environmental Systems on April 12, 1985. The contract provides that Signal will be the owner and operator of the facility and is responsible for up to \$7.6 million in financial contributions in the form of equity or debt secured solely by Signal. An additional \$18.15 million in Industrial revenue Bonds were sold by Signal through the New Hampshire Industrial Development Authority on August 12, 1985.

Clark-Kenith, Inc. began construction of the facility for Signal during May 1985. Construction is expected to be completed during the Spring of 1987, at which time the District municipalities must begin delivering waste to the facility.

Hydrogeologic modeling for the 78-acre ash disposal site in Newport is now complete and engineering and permit applications will begin early in 1986. The ash disposal site must also be in operation by the Spring of 1987. Funds for construction are included in Signal's bond issue even though the ash disposal site is owned by the District.

The New Hampshire Air Resources Commission is in the final stage of adopting hydrogen chloride emission standards for the facility. This will necessitate some changes in the design of the air pollution control system and an increase in the disposal fee paid to Signal. Negotiations are underway with Signal to determine the appropriate control system and costs.

During 1986 the District will be working on development of a recycling system which may be fully utilized by member municipalities. A full-time recycling manager is included in the budget for 1986.

The District will also be working with the member municipalities to assist them in the development of a transportation system necessary to deliver waste to the facility when it becomes operational.

If individuals have questions concerning any aspect of the Project, they should not hesitate to contact their District Committee member or the Project office at (603) 543-1201.

Respectfully Submitted,
THEODORE R. SIEGLER
Project Manager

NEW LONDON-SPRINGFIELD
WATER SYSTEM PRECINCT

☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆

ANNUAL REPORT
for the year ending
31 DECEMBER 1985

1
9
8
5

FOUNDED 1925

*Providing water service to customers in the
Towns of New London and Springfield*

REPORT TO THE VOTERS - 1985

* * * * *

The predominant project this year was the comprehensive engineering study of the Precinct water system by Timothy Buzzell Associates which resulted in recommendations for actions to be taken to bring the system into full compliance with the Safe Drinking Water Act (PL 96-502, as amended). Copies of this report are available at the town library as well as the Precinct office.

The engineer's recommendation that gravel-packed wells be installed near Little Lake Sunapee is likely to be controversial because of community concern that the recreational use of the lake might be threatened. Engineers as well as representatives from the N.H. Water Supply and Pollution Control have been adamant in their assurance that any restriction of the recreational use of the lake is almost impossible to imagine. With this assurance in mind, the Commissioners endorse the recommendations of Timothy Buzzell Associates.

The upgrading and modernization of the distribution system continued in 1985 with the rebuilding of the master meter, the replacement of a number of older fire hydrants and an on-site study of residential and commercial water meters. (In 1986 we hope to impliment the commercial phase of the meter program.)

Expenditures from the contingency fund were used to meet unanticipated costs in the following areas: Accounting Services (\$27), Hydrologic Consulting (\$108), Test Metering (\$119), and Water Analysis (\$240).

Competitive bidding resulted in substantial savings on the purchase of a new backhoe. Additional savings were realized when the master meter was rebuilt, in part, by our Superintendent, Richard LaPorte.

The manner in which Precinct boundaries can be changed became a controversial issue this year when the joint boards of Selectmen voted to delete Camp Sunapee Road from the Water District. This was done with the condition that the Precinct voters make the final decision. Clarification of the law is being sought, and hopefully, this very important issue can be resolved during the coming year.

The Superintendent and Assistant Superintendent acquired additional professional educational credits this year. Superintendent LaPorte became certified as a backflow technician and corrosion control technician. He also attended topical seminars, including "Emergency Planning for Natural Disasters". Assistant Superintendent Reyelt became certified in water treatment and distribution.

Through operating efficiencies and conservative fiscal policies, the Precinct currently has no long-term debt.

Pending voter approval, 1986 Precinct energies will be focused on two major projects. One will be the closing of a water main loop, or grid, by joining the main pipeline on Lakeside Road with the County Road main. The other will be the design phase of the project to install wells and a storage tank. This major water quality improvement effort will most likely present a financial strain on District users and taxpayers, since we can expect no Federal assistance. In order to reach a broad consensus as to the direction of the project, the Commissioners have solicited advice and participation from a group of interested townspeople. Now, we ask for your attendance and participation at public hearings and the annual meeting to make this a true community effort.

JAMES A. CRICENTI, Chairman
JOHN F. CLOUGH, Commissioner
C. GEORGE GREEN, Commissioner

RICHARD K. LAPORTE
Superintendent

Donn R. Swift

CERTIFIED PUBLIC ACCOUNTANT

P.O. BOX 1727

NEW LONDON, NEW HAMPSHIRE 03257

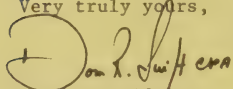

TELEPHONE (603) 526-4750

To the Commissioners of the
New London-Springfield Water System Precinct

I have examined the Balance Sheet of the New London-Springfield Water System Precinct as of December 31, 1985 and 1984, and the related Statements of Revenue and Expenses and Changes in Financial Position for the years then ended. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the above mentioned financial statements present fairly the financial position of the New London-Springfield Water System Precinct as of December 31, 1985 and 1984, and the results of its operations and the changes in its financial position for the years then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Very truly yours,

Donn R. Swift, CPA

New London, New Hampshire
January 28, 1986

AUDITOR'S REPORT

To the Commissioners of the
New London- Springfield Water System Precinct

In my opinion, the aforementioned financial statements present fairly the financial position of the New London-Springfield Water System Precinct at December 31, 1985 and 1984, and the results of its operations and the changes in its financial position for the respective years then ended, in conformity with generally accepted accounting procedures applied on a consistent basis.

Richard L. Bott
Auditor

NEW LONDON-SPRINGFIELD WATER SYSTEM PRECINCT
New London, New Hampshire

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 1985 AND 1984

Note 1 - Summary of Significant Accounting Policies

The following is a summary of significant accounting policies employed in the preparation of these financial statements:

The income accounts of the New London-Springfield Water System Precinct are maintained on a cash basis, recording income as it is collected. The income accounts are converted to an accrual basis at year end.

Expense items are recorded only when cash is disbursed. The expense accounts are converted to an accrual basis at year end. The inventory of supplies is priced at cost. Based on a physical inventory taken once a year, the increase or decrease in the inventory value is charged or credited to supply expense. The policy of the Precinct is to maintain a uniform level of supplies inventory.

Facilities and equipment are stated at undepreciated cost. Gifts or contribution of water facilities are recorded at fair market value at the time received. Assets disposed of or abandoned are written off at cost against the appropriate asset account and charged to the General Fund balance or Contribution in Aid, depending on the original source of the assets.

Note 2 - Precinct Tax

The Precinct tax has no restrictions. Income from this tax is used primarily to pay principal and interest on outstanding debt and to pay for facilities and equipment. The tax is reported as other income to avoid distortion of the gain or loss from water operations.

Note 3 - Contributions in Aid

Contributions in Aid for 1985 and 1984 were \$2,404 and \$1,511 respectively for new connections paid by owners and contributed to the Precinct.

NEW LONDON-SPRINGFIELD WATER SYSTEM PRECINCT

Transfer to General Fund for Purchase of Backhoe	<u>\$24,000</u>	<u>-0-</u>
Balance - End of Year	<u>\$ 1,376</u>	<u>\$ 9,887</u>

The purpose of the Capital Reserve Fund was amended on March 19, 1985, by Article 11, pursuant to RSA 35: 1 II. This admendment changed the purpose of this fund from that of purchasing a new backhoe to that of financing all or part of the cost of a new truck, suitably equipped, for the use of the Precinct operations.

The accompanying notes are an integral part of these financial statements and should be read in conjunction therewith.

NEW LONDON-SPRINGFIELD
WATER SYSTEM PRECINCT
PRECINCT WARRANT
TOWNS OF NEW LONDON AND SPRINGFIELD

* * * * *

To the inhabitants of the New London-Springfield Water System Precinct in the towns of New London and Springfield in the counties of Merrimack and Sullivan respectively, qualified to vote in Precinct affairs:

You are hereby notified to meet at the Kearsarge Middle School Auditorium in New London, New Hampshire, on Tuesday, March 18, 1986, at 3:00 PM, to act on the following subjects:

(Note: By law the meeting must open before voting starts. Therefore, the meeting and the polls will open at 3:00 PM. At 3:15 PM the meeting will recess but the polls will remain open until 8:00 PM, at which time the meeting will reconvene to act on Articles 1 through 15.)

ARTICLE 1: To choose all necessary officers for the coming year.

ARTICLE 2: To hear the reports of officers, committees and auditors, and pass any vote relating thereto.

ARTICLE 3: To set the salaries of all officers for the coming year.

ARTICLE 4: To see if the Precinct will vote to raise and appropriate the following sums to defray Precinct charges for the ensuing year:

	ACTUAL 1985	BUDGET 1986
Salaries, benefits, taxes	49,096	55,585
Maintenance	1,084	3,500
Utilities	2,517	3,600
Supplies	6,791	8,000
Insurance	5,725	15,000
Administration	1,523	2,400
Audit Expense	1,800	2,200
Legal Expense	-0-	5,000
Election Expense	474	600
Equipment (Capitalized)	1,621	2,500
Contingency	494	800
Principal	35,682	57,167
Interest	2,112	14,520
	<hr/>	<hr/>
	108,919	170,872

- ARTICLE 5: To see if the Precinct will vote to raise and appropriate the sum of \$20,000 for the purchase of a new, one-ton dump truck with snowplow. To finance the purchase of this vehicle by the issuance of long-term notes in the amount of \$18,825 and the balance to be financed by the withdrawal of principle and interest accrued to date of withdrawal, of the Capital Reserve Fund established for this purpose.
- ARTICLE 6: To see if the Precinct will authorize the Commissioners to sell, by sealed bid to the highest bidder, the dump truck presently owned by the Precinct and to apply the proceeds of such sale to the general fund of the Precinct.
- ARTICLE 7: To see if the Precinct will vote to raise and appropriate the sum of \$29,000 to replace existing faulty commercial meters and to install additional meters in order to complete the metering of all existing commercial accounts, the Commissioners being authorized to raise the sum of \$29,000 by the issuance of notes or any other action relative thereto.
- ARTICLE 8: To see if the Precinct will vote to raise and appropriate the sum of \$40,000 to extend the 8-inch main on Lakeside Road 850 feet from the Lyon Brook development to connect with the existing water main on County Road, the Commissioners being authorized to raise the sum of \$40,000 by the issuance of notes or any other action relative thereto.
- ARTICLE 9: To see if the voters will ratify the change of Precinct boundaries as approved by the joint Boards of Selectmen of New London and Springfield on August 21, 1985, to include the property owned by Clinton H. and Hilda D. Lyon, located on Knights Hill Road, New London, and designated on maps maintained by the Precinct as Lot #5 on Plat Map 94.
- ARTICLE 10: To see if the voters will ratify the changes of the Precinct boundaries as approved by the joint Boards of Selectmen of New London and Springfield on January 30, 1985, to remove from the Precinct all tracts and parcels of land bordering or abutting the Camp Sunapee Road excepting the property of James and Claudia Lewis.

(Note: Marilyn B. Andrews and others proposed the deletion of properties on the Camp Sunapee Road by a petition to the joint Boards of Selectmen of New London and Springfield which petition was received January 14, 1985. On January 30, 1985, the joint Boards of Selectmen "voted to affirm the Andrews' petition as presented, in order that the voters of the New London-Springfield Water System Precinct may make a final determination of the pending issue".)

ARTICLE 11: To see if the Precinct will vote to raise and appropriate the sum of \$80,000 for engineering design and preparation of plans and specifications for water system improvements, which improvements shall include the development of a gravel-pack well field on Colby Point, 2400 feet of water main, and a distribution storage tank, the Commissioners being authorized to raise the sum of \$80,000 by the issuance of notes or any other action relative thereto.

ARTICLE 12: To see if the Precinct will vote to direct the Board of Water Commissioners to employ professional engineering services in the development of a plan, including estimated capital and operating costs, to retain the present system of gravity flow of water from the present source (Morgan Pond) to serve the Precinct by installing in-line treatment (including other facilities incidental thereto) of the water from that source as may be required to comply with the Safe Drinking Water Act (PL 96-502, as amended); the Board being directed to report on the forgoing at a Special Meeting of the Precinct to be held as soon as practicable but no later than August 30, 1986, and the Board being authorized to expend a sum not to exceed \$2,500 therefor and to raise such sum by the issuance of notes or other appropriate means. (By petition.)

ARTICLE 13: To see if the Precinct will vote to add the impoundment of water {RSA 52:1, I (k)} as a purpose of the Precinct, as provided in RSA 52:6, Added Powers.

ARTICLE 14: To see if the Precinct will vote to request the Selectmen of New London and the Selectmen of Springfield to send written notice to the Commissioners as to any request to either Board, of abatement of only Precinct taxes.

(Note: In 1985 the Selectmen of New London abated Precinct taxes only on properties located in the Precinct.)

ARTICLE 15: To see if the Precinct will vote to authorize the Commissioners to borrow money through short-term notes (less than one calendar year) in anticipation of operating revenue and Precinct tax receipts.
